5. Add New Connection

🚯 Bluetooth Settings	×		
Options COM Ports Hardware			
This PC is using the COM (serial) ports listed below whether you need a COM port, read the docume with your Bluetooth device.	ow. To determine entation that came		
8 Add COM Port		×	
Select the type of COM (serial) port that you w	ant to add:		
O Incoming (device initiates the connection)			
Outgoing (your PC initiates the connection)		
Device that will use the COM port:			
HE60-987654	~ Brow	vse	
Service:			
RNI-SPP			

6. Check the COM number under Port

Under Port it shows COM3 which means the HE60 is connected to COM port 3. Use this Value for the EL6 Software. E.G. In the EL6 Software under Communications click Com Setup. Choose COM 3 then press OK. The EL6 is now connected to the computer's Bluetooth.
